

KABPRO Product Documentation

Product: KABPRO Fleet Operating System Scope: Admin (fleet), Superadmin (platform), Plans / entitlements / trials Last updated: 2026-09-16

This folder is the source of truth for product planning and commercial packaging. Each document is available as Markdown (.md) and PDF (.pdf).

Documents

#	Document	Markdown	PDF	Purpose
1	Admin Features Catalog	01-ADMIN-FEATURES.md	01-ADMIN-FEATURES.pdf	Full inventory of fleet Admin modules, routes, entities, realtime
2	Plan & Entitlements Blueprint	02-PLAN-ENTITLEMENT-S-BLUEPRINT.md	02-PLAN-ENTITLEMENT-S-BLUEPRINT.pdf	Dynamic pricing, feature matrix, seats, trial timeline, roadmap
3	Superadmin Platform Guide	03-SUPERADMIN-PLATFORM-ORM.md	03-SUPERADMIN-PLATFORM-ORM.pdf	Platform console: orgs, leads, plans, reports, auth
4	Subscription Data Model	04-SUBSCRIPTION-DATA-MODEL.md	04-SUBSCRIPTION-DATA-MODEL.pdf	Schemas, APIs, enforcement design

Implementation how-to (docs/implementation/)

Engineering guides for how to build and consume plans across Server, Admin, Landing, and Superadmin:

#	Document	Purpose
-	implementation/README.md	Index
0	00-IMPLEMENTATION-OVERVIEW.md	End-to-end flow
1	01-SERVER-IMPLEMENTATION.md	API resolve + enforce
2	02-ADMIN-DASHBOARD-CONSUMPTION.md	EntitlementProvider + gates
3	03-LANDING-PAGE-CONSUMPTION.md	Dynamic pricing + leads
4	04-SUPERADMIN-CATALOG-OPS.md	Catalog matrix + timeline
5	05-PHASED-CHECKLIST.md	P0-P5 shipping checklist

Domains

Surface	URL (production)	App folder
Landing	https://kabpro.pro	landing/
Admin	https://admin.kabpro.pro	admin/
Superadmin	https://superadmin.kabpro.pro	superadmin/
API	https://api.kabpro.pro	server/

Server ops docs remain under server/docs/ (deployment, domain cutover).

Current commercial status

Capability	Status
------------	--------

Country-based plan catalog (Superadmin)	Implemented
Benefits + soft limits on plans	Implemented
Assign trial / subscription (Superadmin)	Implemented
Machine entitlement keys (feature matrix)	Not yet
Admin plan page / trial banner	Not yet
API / UI enforcement of limits & modules	Not yet
Seat packs / RBAC by role	Not yet
Self-serve payments	Not yet

Recommended build order: P0 Catalog truth -> P1 Show in Admin -> P2 Enforce -> P3 Trial cron -> P4 Seats -> P5 Payments. See document 02 for detail.

Regenerating PDFs

From repo root (requires server dependencies, including pdf-lib):

```
node docs/scripts/generate-pdfs.js
```

Markdown is the editable source; PDFs are generated artifacts.
